Guide to the State of West Virginia Executive Budget Account Detail for FY 2021

This document provides detailed budget information by organization and fund for West Virginia State Government. The budgetary information is organized by the three branches of Government: Legislative, Judicial, and Executive (including the Constitutional Offices).

The State of West Virginia's financial system has organized the various spending units of state government into the following hierarchy:

- Government
- Branch (Legislative, Judicial, and Executive)
- Cabinet (example: Election Cabinet; Department of Administration; Department of Health and Human Resources)
- Department (example: Secretary of State; Division of Purchasing; Human Rights Commission)
- Fund (assigned to a specific department)
- Appropriation (used by all funds of state government, but tied to a specific fund for spending authority.)
- Object Code (a more detailed level of information on how an appropriation is budgeted/spent, examples: office supplies, vehicle purchases, and travel expenses.)

For purposes of the Governor's Recommendation, in this document data at the object code level is rolled up to a summary level of Personal Services, Employee Benefits, Current Expenses, Repairs and Alterations, Buildings, Equipment, Land, and Other Assets. This summary information is then presented at the appropriation level for the Governor's Recommendations in the Budget Bill for appropriated funds.

Account Summary

The first page of information for each organization provides a brief department description as provided by the department. Following the first page for each department is detailed information about the individual funds in the department.

Column Data:

Information provided is the FY 2019 Actual expenditures (from prior year appropriations and reappropriated), FY 2020 Budgeted expenditures (current fiscal year and reappropriated), FY 2021 Current-Level Request, and the Governor's FY 2021 Recommendation. The FY 2021 columns do not include any reappropriated appropriations that may be authorized for expenditure in FY 2021.

The **Prior Year Actual** columns show the total actual expenditures for FY 2019 including any reappropriated funds that were available and expended. The column provides the detail by appropriation and major spending summary for each fund. The full-time equivalents (FTE) reflect the filled permanent FTEs as of June 30, 2019.

The Current Year **Budgeted** and **Requested** columns show total budgets for each agency. The Current Year Budgeted is a reflection of information on the approved expenditure schedules for FY 2020 prior to the beginning of the 2020 Regular Legislative session and includes amounts that have been reappropriated from prior year unexpended appropriations. The FTE for the Budgeted is the total approved budgeted permanent FTEs (filled and vacant) as of November 30, 2019. The Requested columns are the agency FY 2020 current-level request based on guidelines established for the Appropriation Requests that were due to the State Budget Office as of September 3, 2019.

The **Recommended** columns provide the detail of the Governor's recommendation for FY 2021 by appropriation and major spending summary categories as listed in the FY 2021 Budget Bill submitted by the Governor. The FTE Recommended typically reflects the approved positions as of November 30, 2019, plus any increase of positions due to the recommendation of improvement requests or other adjustments.

Fund Class:

General includes the General Revenue Fund.

Federal includes amounts for federally funded programs. Some federal funds within state government derive their federal spending authority by provisions of the West Virginia Code and are not itemized in the Budget Bill. This column may display funds that do not appear in the Budget Bill.

Special includes the amounts for the state's Appropriated Special Revenue Funds. Some funds within state government include appropriations that are not specifically listed in the Budget Bill. They are used as specified in West Virginia Code to allow for the transfer of money to other accounts and are not part of the operating funds of the agency. An example is appropriation 42600 – Transfers.

Lottery includes amounts for the Appropriated Regular and Excess Lottery Funds. It is worth noting that there are a few Lottery Funds that contain spending authority for "companion" Special Revenue Funds as provided in West Virginia Code. Examples include appropriation 24000 – SBA School Construction in Fund 3951 of the State Department of Education, and Fund 4908 – Community and Technical College Capital Improvement Fund that pays the debt service from Lottery but the bond proceeds are expended from Special Revenue fund 4908. Also listed as lottery are the collection and transfer funds administered by the Lottery Commission that are specified in West Virginia Code to allow for the transfer of money to other accounts and are not part of the operating funds of the Lottery Commission.

State Road Fund includes amounts for the State Road Fund (including federal funds).

Other includes amounts for funds that are not itemized in the Budget Bill but derive spending authority from general law and provisions of the West Virginia Code.

0490 - WEST VIRGINIA STATE UNIVERSITY

WV Code Chapter - 18B Article - 4

<p>Department Description</p> <p>West Virginia State University was founded under the provisions of the Second Morrill Act of 1890 as the West Virginia Colored Institute, one of 19 land-grant institutions authorized by Congress and designated by the states to provide for the education of black citizens in agriculture and the mechanical arts. West Virginia was one of the states that maintained segregated educational systems at that time.</p> <p>From 1891 to 1915, the original Institute offered the equivalent of a high school education, vocational training, and teacher preparation. In 1915, the West Virginia Collegiate Institute began to offer college degrees. Under the leadership of President John W. Davis, the academic program was expanded and new buildings were constructed, and in 1927, the Institution was accredited by the North Central Association. In 1929, it became West Virginia State College. Over the next decades, WVSC became recognized as one of the leading public institutions of higher education for African-Americans.</p> <p>In 1954, the United States Supreme Court gave its historic decision outlawing school segregation. The consequence of this decision for West Virginia State College was a rapid transition to an integrated institution serving a predominantly white, commuting, and older student population. Enrollment quadrupled during the following decades.</p> <p>Meanwhile, by a decision of the West Virginia Board of Education, WVSC was compelled to surrender land-grant status, the only one of the 1890 institutions to do so. Only after a 12-year effort was the college's land-grant status fully restored, in 2001, by an act of Congress.</p> <p>In 2004, the West Virginia Legislature approved WVSC's transition to University status, and today WVSU offers 22 bachelor's degrees and six master's degrees. With a rich history and promising future, WVSU is positioned to become the most student-centered research and teaching land-grant university in West Virginia, and beyond.</p>	<p>Funding is Recommended as Follows: (Description of funding for improvements above current level is in parenthesis.)</p> <p>General Revenue Fund 0373 \$14,292,704</p>

0939 - COURTHOUSE FACILITIES IMPROVEMENT AUTHORITY

WV Code Chapter - 29 Article - 26-6(a)

Department Description

In 2001, the West Virginia Legislature created the Courthouse Facilities Improvement Authority (CFIA) to provide county government with funding assistance to modify existing courthouse facilities or for the construction of new courthouse facilities. County governments may apply for grant funding on an annual basis. The CFIA has many goals, including to make every courthouse in the county safe, sound, and compliant with all building requirements. The CFIA helps to maintain the integrity of every county courthouse structure in the state in hopes that the historic buildings will be around for generations of WV citizens to enjoy. We also conduct a facility needs assessment of all courthouses every 10 years.

WV Code Chapter - 29 Article - 27

Department Description

The National Coal Heritage Area (NCHA) is one of 49 federally designated heritage areas in the United States associated with the rich coal mining history of West Virginia. The NCHA encompasses twelve entire counties and two watersheds in southern West Virginia: Boone, Cabell, Fayette, McDowell, Mercer, Logan, Summers, Wyoming, Wayne, Mingo, Lincoln, Raleigh, and the Paint Creek and Cabin Creek Watersheds in Kanawha County. The authority is charged with providing assistance to local communities in accessing state and federal funds and other grant sources to assist with historic preservation, economic development, and tourism projects in the national coal heritage area. The NCHA receives an annual appropriation from Congress through the National Park Service to assist in operations of the NCHAA and in implementation of the approved management plan. In the past we received state funding to match federal funding. The funding we received from the WV Development Office was cut in FY2017.
