Guide to the State of West Virginia Executive Budget Account Detail for FY 2027

This document provides detailed budget information by organization and fund for West Virginia State Government. The budgetary information is organized by the three branches of Government: Legislative, Judicial, and Executive (including the Constitutional Offices).

The State of West Virginia's financial system has organized the various spending units of state government into the following hierarchy:

- Government Branch (Legislative, Judicial, and Executive)
- Cabinet (example: Election Cabinet; Department of Administration; Department of Commerce)
- Department (example: Secretary of State; Division of Purchasing; Division of Forestry)
- Fund (assigned to a specific department)
- Appropriation (used by all funds of state government, but tied to a specific fund for spending authority.)
- Object Code (a more detailed level of information on how an appropriation is budgeted/spent, examples: office supplies, vehicle purchases, and travel expenses.)

For purposes of the Governor's Recommendation, in this document data at the object code level is rolled up to a summary level of Personal Services, Employee Benefits, Current Expenses, Repairs and Alterations, Buildings, Equipment, Land, and Other Assets. This summary information is then presented at the appropriation level for the Governor's Recommendations in the Budget Bill for appropriated funds.

Account Summary

The first page of information for each organization provides a brief department description as provided by the department. Following the first page for each department is detailed information about the individual funds in the department.

Column Data:

Information provided is the FY 2025 Actual expenditures (from prior year appropriations and reappropriated), FY 2026 Budgeted expenditures (current fiscal year and reappropriated), FY 2027 Current-Level Request, and the Governor's FY 2027 Recommendation. The FY 2027 columns do not include any reappropriated appropriations that may be authorized for expenditure in FY 2027.

The **Prior Year Actual** columns show the total actual expenditures for FY 2025 including any reappropriated funds that were available and expended. The column provides the detail by appropriation and major spending summary for each fund. The full-time equivalents (FTE) reflect the filled permanent FTEs as of June 30, 2025.

The Current Year **Budgeted** and **Requested** columns show total budgets for each agency. The Current Year Budgeted is a reflection of information on the approved expenditure schedules for FY 2026 prior to the beginning of the 2026 Regular Legislative session and includes amounts that have been reappropriated from prior year unexpended appropriations. The FTE for the Budgeted is the total approved budgeted permanent FTEs (filled and vacant) as of November 30, 2025. The Requested columns are the agency FY 2027 current-level request based on guidelines established for the Appropriation Requests that were due to the State Budget Office as of September 1, 2025.

The **Recommended** columns provide the detail of the Governor's recommendation for FY 2027 by appropriation and major spending summary categories as listed in the FY 2027 Budget Bill submitted by the Governor. The FTE Recommended typically reflects the approved positions as of November 30, 2025, plus any increase of positions due to the recommendation of improvement requests or other adjustments.

Fund Class:

General includes the General Revenue Fund.

Federal includes amounts for federally funded programs. Some federal funds within state government derive their federal spending authority by provisions of the West Virginia Code and are not itemized in the Budget Bill. This column may display funds that do not appear in the Budget Bill.

Special includes the amounts for the state's Appropriated Special Revenue Funds. Some funds within state government include appropriations that are not specifically listed in the Budget Bill. They are used as specified in West Virginia Code to allow for the transfer of money to other accounts and are not part of the operating funds of the agency. An example is appropriation 42600 – Transfers.

Lottery includes amounts for the Appropriated Regular and Excess Lottery Funds. It is worth noting that there are a few Lottery Funds that contain spending authority for "companion" Special Revenue Funds as provided in West Virginia Code. An example includes Fund 4908 – Community and Technical College Capital Improvement Fund that pays the debt service from Lottery but the bond proceeds are expended from Special Revenue fund 4908. Also listed as Lottery are the collection and transfer funds administered by the Lottery Commission that are specified in West Virginia Code to allow for the transfer of money to other accounts and are not part of the operating funds of the Lottery Commission.

State Road Fund includes amounts for the State Road Fund (including federal funds).

Other includes amounts for funds that are not itemized in the Budget Bill but derive spending authority from general law and provisions of the West Virginia Code.

WV Code Chapter - 19 Article - 1

Department Description The West Virginia Department of Agriculture (WVDA) provides vision and strategic planning to ensure the continuation of an adequate, safe, and wholesome food supply for the citizens of West Virginia and ensures compliance with legislative mandates to protect and promote the agriculture industry. Two companion agencies under the WVDA's umbrella operate independently under their respective legislative authorities to carry out conservation activities that ultimately benefit the agriculture industry as well. The State Conservation Committee's and the West Virginia Conservation Agency's (WVCA) missions are to provide for and promote the protection and conservation of West Virginia's soil, land, water, and related resources for the health, safety, and general welfare of the State's citizens, while the Agricultural Land Protection Authority's mission is to preserve West Virginia's abundant natural resources by conserving farmland in the State of West Virginia. The goals of the WVDA and companion agencies are: -Capitalize on West Virginia's abundant natural resources by forming private-public partnerships to grow and develop existing and new agriculture-based businesses while expanding market opportunities. -Conduct research, inspections, and analyses to ensure the safety and integrity of the food supply. -Address the challenges to the agriculture industry presented by invasive species and related disease issues to the environment and its populations. -Continue to grow and expand the Veterans and Warriors to Agriculture Program to assist veterans and service members who are seeking new career opportunities in agriculture. -Provide timely communications of product recalls and foodborne illnesses to protect the health of the public and food supply, as well as to protect animal and plant health. -Safeguard livestock and other domestic animals from communicable diseases. -Preserve West Virginia's natural resources by conserving the State's farmland, soil, and water resources.	Funding is Recommended as Follows: (Description of funding for improvements above current level is in parenthesis.) (General Revenue improvement of \$125,000 for Apiary Inspector position. Special Revenue spending authority increases for Capital Improvements Fund and West Virginia Spay Neuter Assistance Fund.) (Recommendation includes: (1) an average of 3% pay raise for employees and associated employee benefit costs; (2) a 3% increase to the employer contribution for the Public Employees Insurance Agency rate for General Revenue and Lottery Funds; and (3) a decrease of 1% to Public Employees Retirement System contribution. 0485 - GLENVILLE STATE UNIVERSITY

WV Code Chapter - 18B Article - 4

Department Description	Funding is Recommended as Follows: (Description of funding for improvements above current level is in parenthesis.)
Glenville State University was established in 1872 as Glenville Normal School with the initial mission of serving as a teacher's college. Later re-named to Glenville State College, and then ultimately renamed to Glenville State University on February 22, 2022, GSU never lost sight of that original mission and continues to be known among all of West Virginia as a premier institution for developing quality teachers for secondary education throughout the State. Along with that core emphasis on teacher preparation, the university has responded to the needs of West Virginia and has developed additional programs in a variety of areas. Commensurate with its achieving University status, GSU has begun to offer graduate programs and is developing further graduate programs in Criminal Justice and Business Administration in Fall 2024 and Psychology in Fall 2025. Additional graduate programs are planned to follow in subsequent academic years.	(General - \$357,449 for Higher Education Funding Formula.) (Recommendation includes: (1) an average of 3% pay raise for employees and associated employee benefit costs and (2) a 3% increase to the employer contribution for the Public Employees Insurance Agency rate for General Revenue and Lottery Funds.)
Furthermore, the University has heeded the call from the State Legislature and HEPC leadership, as well as the demand and need expressed by our core central West Virginia target area, and has launched a Nursing Program. Enabled through an MOU with Marshall University coupled with funding from the State through HEPC, GSU is poised to meet this high demand area. It also looks toward developing a College of Health Sciences including a state-of-the-art health science laboratory buildout at the Waco Center, completed in the Fall 2024, and the state-of-the-art Morris Health and Wellness Complex, with expected completion in Spring 2026. The university is committed to six core values: Service, Scholarship, Growth, Collaboration, Community, and Equity. Glenville State University provides a tradition of high-quality education through innovation in the design, delivery, and evaluation of programs and services, workforce development, and comprehensive student services; a community of active learners dedicated to lifelong learning, effective teaching, applied scholarship, creative activities, and service; and leadership that promotes excellence in learning, teaching, cultural vitality, and economic development in a global community. 0490 - WEST VIRGINIA STATE UNIVERSITY

WV Code Chapter - 18B Article - 4

Department Description West Virginia State University was founded under the provisions of the Second Morrill Act of 1890 as the West Virginia Colored Institute, one of 19 land-grant institutions authorized by Congress and designated by the states to provide for the education of black citizens in agriculture and the mechanical arts. West Virginia was one of the states that maintained segregated educational systems at that time. From 1891 to 1915, the original Institute offered the equivalent of a high school education, vocational training, and teacher preparation. In 1915, the West Virginia Collegiate Institute began to offer college degrees. Under the leadership of President John W. Davis, the academic program was expanded and new buildings were constructed, and in 1927, the Institution was accredited by the North Central Association. In 1929, it became West Virginia State College. Over the next decades, WVSC became recognized as one of the leading public institutions of higher education for African-Americans. In 1954, the United States Supreme Court gave its historic decision outlawing school segregation. The consequence of this decision for West Virginia State College was a rapid transition to an integrated institution serving a predominantly white, commuting, and older student population. Enrollment quadrupled during the following decades. Meanwhile, by a decision of the West Virginia Board of Education, WVSC was compelled to surrender land-grant status, the only one of the 1890 institutions to do so. Only after a 12-year effort was the college's land-grant status fully restored in 2001 by an act of Congress. In 2004, the West Virginia Legislature approved WVSC's transition to University status, and today WVSU offers 22 bachelor's degrees and seven master's degrees. With a rich history and promising future, WVSU is positioned to become the most student-centered research and teaching land-grant university in West Virginia, and beyond.	Funding is Recommended as Follows: (Description of funding for improvements above current level is in parenthesis.) (General - \$97,115 for Higher Education Funding Formula.) (Recommendation includes: (1) an average of 3% pay raise for employees and associated employee benefit costs and (2) a 3% increase to the employer contribution for the Public Employees Insurance Agency rate for General Revenue and Lottery Funds.) 0939 - COURTHOUSE FACILITIES IMPROVEMENT AUTHORITY

WV Code Chapter - 29 Article - 26-6(a)

Department Description

In 2001, the West Virginia Legislature created the Courthouse Facilities Improvement Authority (CFIA) to provide county government with funding assistance to modify existing courthouse facilities or for the construction of new courthouse facilities. County governments may apply for grant funding on an annual basis. The CFIA has many goals, including to make every courthouse in the county safe, sound, and compliant with all building requirements. The CFIA helps to maintain the integrity of every county courthouse structure in the State in hopes that the historic buildings will be around for generations of W.V. citizens to enjoy. We also conduct a facility needs assessment of all courthouses every 10 years. The CFIA Board of Directors has chosen to focus on Life Safety and ADA issues. It funds projects in 10 major categories of construction - roofing, electrical, hvac, communication cabling, doors, and windows, and new space.

WV Code Chapter - 10 Article - 5

Department Description

The Educational Broadcasting Authority (EBA) provides a vital educational and cultural service to the people of West Virginia. It transmits important information statewide about flooding and other potential damaging and deadly storms, and it keeps the public informed about state government. The EBA promotes the unique culture of West Virginia and Appalachia to the world through programs like Inside Appalachia and Mountain Stage. It supplements the State's schools and libraries with educational materials and programs that promote literacy and the emotional well-being of our youngest residents. The EBA accomplishes this through radio and television broadcasts, as well as online services.

Funding is Recommended as Follows:

(Description of funding for improvements above current level is in parenthesis.)

(Recommendation includes: (1) an average of 3% pay raise for employees and associated employee benefit costs; (2) a 3% increase to the employer contribution for the Public Employees Insurance Agency rate for General Revenue and Lottery Funds; and (3) a decrease of 1% to Public Employees Retirement System contribution. 0810 - WV DIVISION OF MULTIMODAL TRANSPORTATION FACILITIES

WV Code Chapter - 17 Article - 16F

Department Description The Division of Multimodal Transportation Facilities (DMTF) is the combination of Public Transit, Rail, Public Port, and Aeronautics sections. Rail Section The Rail section provides statewide rail transportation planning and monitors and manages programs of railroad transportation as required by state or federal action. The charter of the Authority includes matters relating to retention and operation of short line operations (such as the South Branch Valley Railroad, the West Virginia Central Railroad, the Cass Scenic Railroad, and the Buffalo Creek and Gauley Railroad) and promotions of tourist rail activities. The Rail section's mission is to apply sound planning and economic development principles to guide other state agencies, local governments, planning agencies, and private concerns in ensuring the continued operation of the railroad system in West Virginia. The section aims to promote travel, business expansion, and business relocations within West Virginia. Transit The Transit section is vital to the development and preservation of public transportation services in West Virginia by administering federal and state transit programs and their resultant funding. This section assists public transportation providers in delivering transportation options to their community and by keeping local systems safe, efficient, and effective through financial support, technical, and administrative assistance and training. The section ensures that all Federal Transit Administration grant requirements are met by the section and its subrecipients. The section is also the State's Safety Oversight Agency (SSOA) responsible for overseeing the safety of the Morgantown Personal Rapid Transit (MPRT) system operated by West Virginia University. The section accomplishes its mission by providing numerous services including: - Distributes operating and capital assistance to small urban and rural transit systems to help cover the costs of essential public transportation services and miscellaneous equipment. - Serves as a central procurement source for vehicles and communication equipment for rural transit organizations and private non-profit agencies that provide transportation services for the elderly and disabled. - Provides planning and technical assistance, either directly or through contractors, to enhance the safety, efficiency, and effectiveness of transportation services in the State.	Funding is Recommended as Follows: (Description of funding for improvements above current level is in parenthesis.) (General - \$400,000 for rail projects, maintenance, and repairs.) (Special Appropriated Fund 8254 - \$2,704 for Marine Highway Program.) (Federal Appropriation Fund 8830 - \$500,000 for federal funding opportunity.) DEPARTMENT/CABINET: Department Of Veteran's Assistance

0613 - VETERANS AFFAIRS

WV Code Chapter - 9A Article - 1

Department Description The West Virginia Department of Veterans Assistance (WVDVA) is a cabinet-level agency that provides support, guidance, oversight, and hands-on help for a wide variety of veteran-related issues, needs, and programs. The WVDVA operates 15 service offices across West Virginia. These offices also support more than 20 additional itinerant (satellite) locations. Through the benefits and claims work that WVDVA staff members accomplish, the agency is the Mountain State's unquestioned leader in bringing in more than \$4.97 Billion (2023/latest available figure) in federal benefits and direct dollars to veterans. The WVDVA has undergone a campaign to upgrade what were subpar service office locations. During the past several years, the department has opened 11 new office locations. The improvements have resulted in substantial increases in veterans' traffic, which directly has produced more benefits for West Virginia veterans. The statewide WVDVA service office improvements came at a critical juncture. On the heels of setting up better access to veterans via the upgraded offices, West Virginia is facing a dramatic uptick in claims requests and general office traffic as a result of The PACT Act - a federally enacted law that expands VA health care and benefits for veterans exposed to burn pits, Agent Orange, and other toxic substances. Claims work has increased by more than 40% in our statewide offices, and this is significant because the claims are often complicated, time-consuming, difficult to process - and subject to a review process that too often requires appeals. In addition to the WVDVA's service offices, the department manages three important, veterans-specific facilities: the West Virginia Veterans Nursing Facility (a 120-bed, veterans-only nursing facility in Clarksburg), the West Virginia Veterans Home (a 125-bed domiciliary in Barboursville), and the Donel C. Kinnard Memorial State Veterans Cemetery, which is in Institute, W. Va. The department broke ground in October 2023 on a new 120-bed nursing facility in Beckley, W. Va. Construction will be funded with the help of a matching grant from the U.S. Department of Veterans Affairs. Design for the facility is completed, but following the groundbreaking, little work has followed due to a stall in federal funding that is not likely to be addressed in the near future.	Funding is Recommended as Follows: (Description of funding for improvements above current level is in parenthesis.) (Special Appropriated Fund 6703 - \$1,800,000 for three capital projects at the Veterans Nursing Facility.) (Federal Appropriated Fund 8858 - \$15,000 for upkeep of the veterans cemetery. Additionally, \$1,899,500 reduction due to depletion of COVID funds.) (Recommendation includes: (1) an average of 3% pay raise for employees and associated employee benefit costs; (2) a 3% increase to the employer contribution for the Public Employees Insurance Agency rate for General Revenue and Lottery Funds; and (3) a decrease of 1% to Public Employees Retirement System contribution. The new contribution rate is 8%.) Federal Revenue Fund 8858 \$30,407,977 General Revenue Fund 0456 \$15,946,337 Special Revenue Fund 6703 \$3,565,462

0618 - VETERANS HOME

WV Code Chapter - 9 Article - 2

Department Description The West Virginia Department of Veterans Assistance operates the West Virginia Veterans Home (WVVH) in Barboursville. The 150-bed facility, located on a 23-acre former college campus, was opened to Department use in 1981. The Veterans Home serves as a convenient and comfortable home for veterans who were discharged under honorable conditions and find themselves in a position of need for safe and affordable temporary housing. The mission of the West Virginia Veterans Home is to provide displaced veterans a temporary home with hot meals, limited medical and nursing, housekeeping, and recreational services. During their time at the Veterans Home, veterans have access to a number of services and assistance to help them secure an income and long-term housing. Some services include transportation for VA appointments, social work, counseling, education, and benefits assistance. Since its establishment, the West Virginia Veterans Home has served as a shelter for more than 2,000 military veterans representing all branches of the U.S. Armed Forces. The West Virginia Veterans Home is not a treatment facility and cannot accommodate veterans in need of daily care or skilled assistance.	Funding is Recommended as Follows: (Description of funding for improvements above current level is in parenthesis.) (Federal Appropriated Fund 8728 - \$250,500 (net) due to depletion of COVID funding and new federal funding opportunities related to facility repairs.) (Recommendation includes: (1) an average of 3% pay raise for employees and associated employee benefit costs; (2) a 3% increase to the employer contribution for the Public Employees Insurance Agency rate for General Revenue and Lottery Funds; and (3) a decrease of 1% to Public Employees Retirement System contribution.
